Nohema the Director of our Guachochi extension is a miracle. This miracle story began not with Nohema but with her mother, Mary. One day Mary came to see Rosa and asked if she could work with us. Rosa responded that one of our requirements of our staff is that they need to be Christians. She immediately asked "how can I become a Christian"? She was desperate for a change in her life. Her husband was an alcoholic, violent and very jealous. She was in the process of signing the divorce papers. Rosa led her to Christ and three days later we went to visit her husband, Manuel, who also gave his life to the Lord. What a picture to see this six-foot-tall man weeping and asking Mary for forgiveness. That very week Mary canceled her divorce procedures and right after that Mary, Manuel and Nohema came to work with us. Nohema, their daughter was sixteen years old attending High School but barely making it. The year before she had failed out because of all the emotional problems she was enduring in her family. She also gave her life to Jesus Christ and we saw immediate changes in her life. Her grades in school immediately began to improve. I remember the day when Rosa and I went to visit her school to speak to her teachers about her school work. Nohema was deeply impressed and thankful that we had taken such an interest in her life.

Five years later Mary and Manuel decided to go on with their lives. Their cultural expectations, being a Mexican family was that Nohema would go with them. However, Nohema felt a powerful calling upon her life to continue working with the children in our home. God honored her decision to obey His will. She graduated high school with honors. He provided a scholarship for her to go to Culinary School. She became a gourmet chef. She rapidly learned everything that she put her hands to. She became our bus driver and office administrator. One of our American friends was so impressed by her amazing versatility that she nick name her "Wonder Woman".

In 2012 God called us to start an orphanage in the Mountains of Chihuahua. Nohema was right by our side, sharing in a deep way our compassion for the desperate need of the Indian children of the mountains. She immediately asked us for the privilege of pioneering this new home. She became the "Mama" of the children. We are

Pray Requests and Praises:

His Chihuahua Ophthalmologist would not operate because it was too risky. God opened the door for him to have surgery in the United States. Please pray that God's presence will be there.

so proud of a young lady who was willing to pay a big price of sacrifice and suffering in order to reach out to these needy children of Guachochi.

Pray with us for all the young girls that out there like Nohema, who are experiencing devastating family struggles. We know that as they receive the healing, transforming love of Jesus not only will they be change but they will be mightily used by God to change others.
